GERONIMO!

This week, Wellingtons are cool!

Be the first to find out what's happening in the Doctor's universe!

CRAIG COMES BACK!

Brilliant news for fans of **James Corden** - he's going to return as **Craig** in the new series of *Doctor Who*! Yes, the Time Lord's former landlord is back. No word as yet whether he'll be getting the Doctor to play football again (perhaps he learnt his lesson

last time!) but we're looking forward to seeing how he's got on since he and the Doctor shared a fridge last year. And defeated an alien menace upstairs, of course.

It's modern art!

I've only just got rid of that 'sculpture' in his old room!

FIND OUT MORE ABOUT THE DOCTOR'S 'ART' ON PAGE 12!

THE MEDITERRANEAN
SEA, 39 BC.

We found these **stowaways** in the hold. They were trying to steal **Cleopatra's** gift!

Ah, this is all a **misunderstanding**. We weren't trying to **steal it**, just... er... **take it away**.

Well argued, Doctor, I'm sure they'll go for that. Rory, you were a **centurion**. Don't you have any friends who could vouch for us?

No, Amy. I was the **lone** centurion.

We haven't room for prisoners. **Kill them** and throw them overboard.

No! You mustn't deliver that **statue** to Cleopatra!

That statue is a gift from **Marcus Antonius** himself. Do you know what will happen to us if we don't deliver it?

It can't be worse than what will happen if you **do**. It's hard to explain...

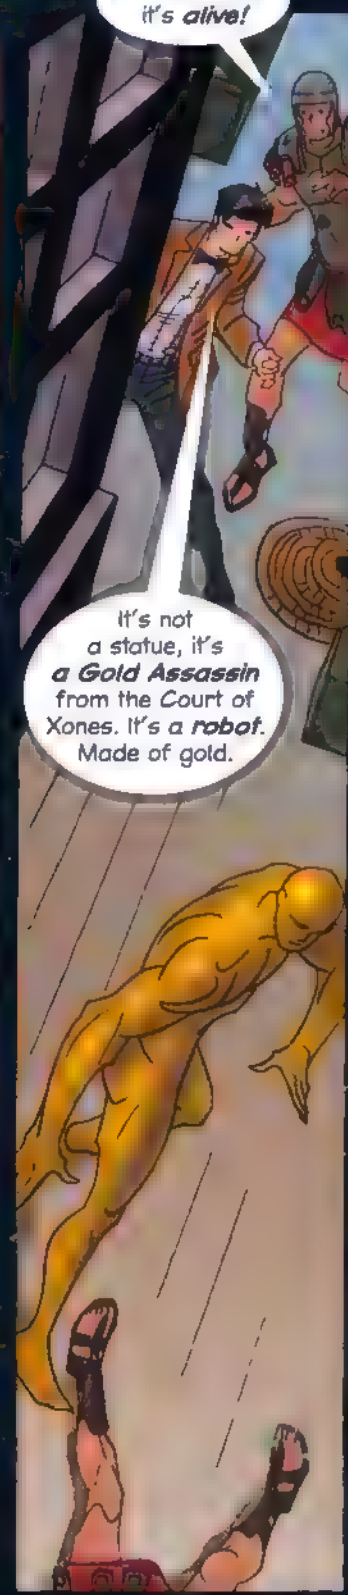

AAARGH!

... but maybe I won't have to.

Where is the *Empress*?

glurk

The statue... it's *alive*!

It's not a statue, it's a *Gold Assassin* from the Court of Xones. It's a *robot*. Made of gold.

It crash-landed on Earth on its way to kill the *Empress of Altari*. It shut down to repair itself - went to sleep.

Now it's active again and trying to complete its *mission*. If it reaches Cleopatra it may *mistake* her for the Empress!

ZZZTARK

BELOW DECK.

What are we looking for?

Weapons. I don't know. Anything!

I don't think a *sword* is going to do much good against *that thing*. We wouldn't even get near it.

Have you got any *better* ideas?

Maybe! This flask is full of *mercury*. The Ancient Egyptians used it in make-up, which wasn't the greatest idea - it's *poisonous*.

But it does something *else* that might be handy...

It's taking on 12 of my men and they haven't even *scratched* it! What do we do?

POOOON

We could *push* it into the sea perhaps... but we'd need to get *near* it for that to work...

Hey, pretty boy! I'll tell you where the Empress is.

Amy, no!

You will **surrender** the information or I will kill you.

Risk substance detected -

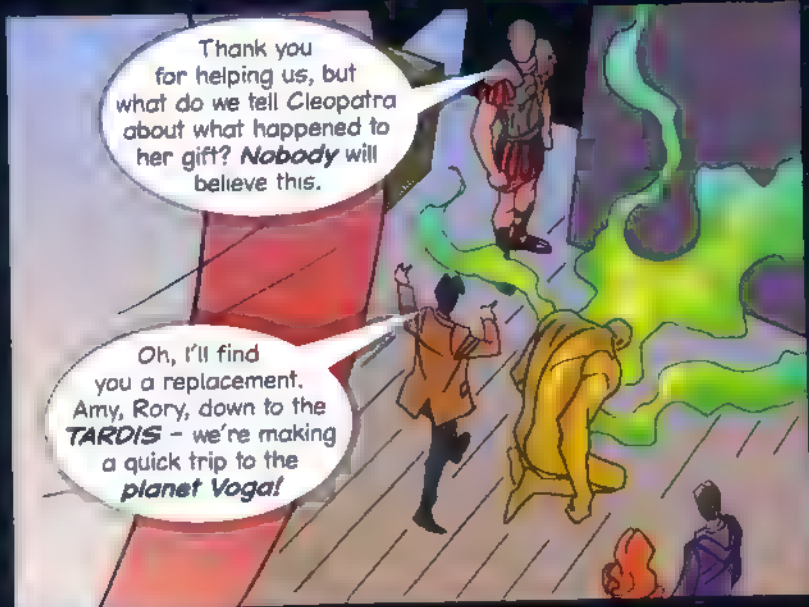

Ha! Have some of that!

Ah, **mercury**! Mercury dissolves gold! Well done, Rory!

Hey! It was **my** idea.

Okay, okay. I just said I'd tell you, didn't I? Just come a bit **closer**...

Thank you for helping us, but what do we tell Cleopatra about what happened to her gift? **Nobody** will believe this.

Oh, I'll find you a replacement. Amy, Rory, down to the **TARDIS** - we're making a quick trip to the planet **Voga**!

Could you find us more **mercury**, too? This was for Cleopatra's **make-up**

Er, yeah... or maybe we could just buy her some **lipstick**?

DOCTOR,

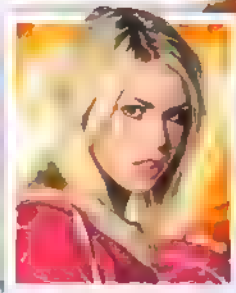

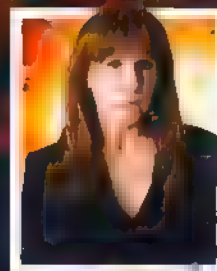

Got a problem that
needs solving?
Nowhere else to turn?
Then ask the Doctor.
There's no one smarter!

DOCTOR!

Dear Doctor,
Who has been your favourite
companion so far? Was it
confident Martha? Funny
Donna? Interesting Rose?
Sensible Amy? Which is it?
Arabella Freeman

The Doctor replies: I can't go
picking favourites. What if Amy found
out? She'd flatten me! She'd probably
flatten Rory, too... They're all equally
lovely, in their own way. There, that's
all you're getting!

The Doctor
is in!

Dear Doctor,

I'm fed up with these mood swings.
One minute I'm all smiles, the
next I'm frowning, and the next
my teeth are clenched in anger.
My neck is getting really stiff.
What should I do?

Yours, Smiler 38

The Doctor replies: Give yourself a quick squirt
of 3-in-1 lubricating oil around the neck joint. That
should do the trick. Your head will be spinning so
fast you'll be too dizzy to get all worked up.

Dear Doctor,

I'm having some trouble with my family. Recently, the house has been VERY smelly and they just refuse to eat chips. I think they are Slitheen - can you help?

Josh Thyne

The Doctor replies:

They could be Slitheen or, if you're really unlucky, Blathereen, who smell miles worse. Or they might just be overly picky parents who've eaten too many sprouts. Tell you what, offer to make dinner tonight and serve them a nice salad, smothered with balsamic vinegar. If they start exploding at the table, then you'll know you've got a problem.

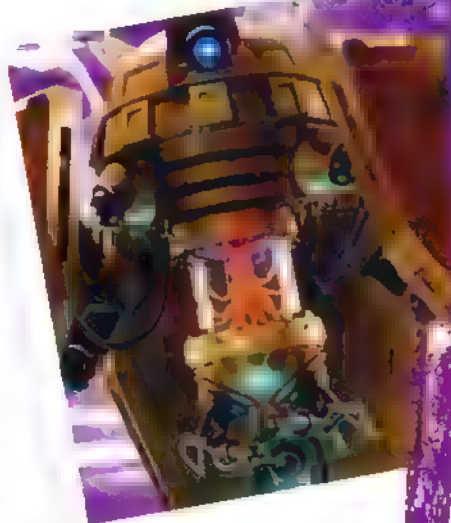

Dear Doctor,

Out of the computer games *City of the Daleks* and *Blood of the Cybermen*, which is your favourite? And in *City of the Daleks*, what do you think of the Dalek Emperor?

Cameron Moore

The Doctor replies:

One thing you definitely don't prefer are Cybermen or Daleks popping up on your computer screens. However much fun you're having, you know they're up to no good. As for the Dalek Emperor, what a boring old moany guts he is. He's always banging on about Dalek this and Dalek that, and all the while looking like a rusty old bucket balanced on a fish tank.
